

ASK TO BE RELEASED.

Will Withdraw as Bondsmen for Sheriff James Cushing.

T. L. Oddie and H. C. Brougher, who qualified on the bond of Sheriff James Cushing in the sum of \$10,000, or \$5,000 each, at the time of his election, have written to the board of county commissioners, making application for release. The full amount of the bond required of the sheriff by the county is \$15,000. The original bondsmen were J. L. Butler, T. L. Oddie and H. C. Brougher. Mr. Butler petitioned for and secured his release two months ago, and George Wingfield and Senator Bell went on the bond for \$2500 each in his stead. They are now the only remaining bondsmen, and if rumor be true, either one or both will ask to be absolved from further surety at the next meeting of the county commissioners.

Rabbit Springs.

From A. D. Meyers, who is in this week from Rabbit Springs, near Grandpa, the BONANZA learns that the properties recently taken up for himself, Harry Ramsay, James Forman, W. S. Elliott and T. D. Murphy are making an excellent showing and promise to make producing mines. The property consists of two full claims and the development work is being done at a point where the end lines come together. Two ledges have been opened up at this point by means of cuts, and one of them, four and a half feet wide, shows values of \$201.60 in gold. Two samples from the second ledge, which is three feet wide, gave returns of \$99.20 and \$24, making an average of the three samples \$108. The owners of the property contemplate doing extensive development on their claims and to that end will soon have a force of men at work.

Card of Thanks.

I desire to express publicly to the Tonopah Miners' Union, Dr. Hammond, Mrs. Donnelson and attaches of the hospital and to friends in general my sincere thanks for the care which was shown my son, who was so severely injured a few weeks ago, and for the courtesies extended to me during his sickness. I leave Monday for my home in California with my son, but there shall always remain with me the kindest remembrances of Tonopah and her people.

A. C. LIVINGSTON.

Harder Won.

The wrestling bout at the opera house last Saturday night between Jack Harder and Charley Maunder was won by the former in five straight falls. An impromptu sparring match proved the sensation of the evening, and resulted in the clean knockout of one of the participants in less than a minute and a half from the time he entered the ring. It is likely that another contest will be arranged by the parties who took part in this and a good-sized purse will be hung up.

Back from Tokop.

John Salsberry returned a few days ago from a trip to Tokop and reports a great deal of activity at the mines in that locality. The Tokop Mining company and the Texas Mining company's properties, under the able management of L. L. Patrick and Mr. Kelly, respectively, are making rapid progress in their development work and before long the Tokop district will be heard from as a producer.

Will Filter Water.

The Crystal Water company is having a lot of charcoal burned at Lone Mountain, which will be used for filtering purposes. The charcoal will be securely packed in a twenty-four foot flume, through which the water will pass before it enters the mains which conduct it to Tonopah.

In From Tokop.

A. P. Anderson, who has resided in the vicinity of Tokop for the past thirty years, and who has recently bonded a valuable group of claims to Texas capitalists, is in town for the first time. Pete has many old acquaintances here, who are glad to shake his hand.

FOR SALE—Butler Lodging House. Greatest bargain. Best title in town.

WANTED.—1,000 shares of Esperanza. State price. (Add., BONANZA Office.)

CHINESE CASE GOES OVER TILL MONDAY

The Past Week Spent Mostly in Talk and Making Objections.

When the case of the state of Nevada vs. F. M. Arandall, H. Zumstein, William Lang, C. Gallagher, Charles White, John Millick, A. E. Fetter, O. M. Jackson, A. Wilson, John Hill, Frank Weiss, A. M. Bradshaw, Omar Sinks, C. M. Maxwell, I. C. Cushman, H. A. Breusing and F. M. Billings, charged with the murder of Chong Bing Long, was called by Justice Lindsay in the Stock Exchange building last Monday morning, S. E. Vermilyea, as attorney for several of the defendants, stated that as he had only arrived in town that morning and had not had time to talk to his clients and had prepared no defense, he would ask that the case go over till the following day, whereupon Justice Lindsay announced that the hearing would be postponed till 2 o'clock Tuesday.

On that afternoon the cases were again called, the court room being filled to overflowing with spectators. Mr. Vermilyea announced that he had been retained to defend defendants Lang, Gallagher, White, Millick, Fetter, Jackson, Hill, Weiss, Bradshaw, Sinks, Maxwell, Cushman and Billings; Breusing and Zumstein by C. F. Reynolds and Mark Averill, and Arandall and Wilson by G. W. Fox. The state was represented by District Attorney Richards and Key Pittman. After the presentation of the usual motions to amend, discharge the prisoners, etc., application to release the prisoners on bail was made and strongly urged by the attorneys for the defense. Motion was also made that the prisoners be tried singly. Both motions were taken under consideration by the justice, who stated he would decide on the bond matter Wednesday, after which an adjournment was taken till Thursday morning at 10 o'clock. On Wednesday Justice Lindsay announced that he would set bail for the prisoners at \$5000 in each case. Four of the defendants, F. M. Billings, O. M. Jackson, H. A. Breusing and H. Zumstein secured bonds and were released from custody.

On Thursday morning when court met, Justice Lindsay announced, after listening to further argument regarding the trying of the defendants separately or collectively, that the prisoners would be tried in such groups as they were represented by counsel. Application for further time being presented, the justice stated that he would grant one more continuance, but no more, and fixed the time for trying the cases of Arandall and Wilson, who were represented by Mr. Fox, for Friday morning at 10 o'clock, and when court assembled that morning, Mr. Fox announced that Mr. Vermilyea would assist him in the defense of his clients. It was then stated that Arandall would waive examination and submit his case to the grand jury. Justice Lindsay then remanded the prisoner to the custody of the sheriff and refused bonds.

The case against Al Wilson was then proceeded with, the witnesses for both defense and prosecution being called, the white and colored witnesses being sworn. Considerable argument followed as to the mode of oath that would be required of the Chinese, but it was finally settled by permitting an interpreter to be present and through him the oath could be administered to the Chinese. Ah Sam was then called and sworn and after testifying to his name, age, length of residence in United States and in Tonopah, the question of whether or not all the prisoners should remain in the court room came up, the defense insisting that they should object to their being present and the prosecution insisting that for the purpose of identification and to enable the proving of a conspiracy it was necessary that they should remain. Pretty warm argument ensued till the justice finally announced he would have no more of it; that he would rescind the order made on Thursday to try the prisoners in groups, and ordered that all the accused, with the exception of Arandall,

be on hand Monday, at 10 o'clock, with their attorneys, and they would be tried collectively. The announcement brought the attorneys for the defense to their feet, and more argument followed, but the justice was obdurate, and stated he would stick to the order made, to all of which the attorneys noted exceptions.

LOCAL LACONICS.

Dick Aylward of Rye Patch is in town for a few days.

The most complete line of druggist sundries at the Miners' drug store.

Charles Summers was in town a couple of days this week from Bishop.

J. J. Moss left Monday for his old home in Unionville, Humboldt county.

Miss Evelyn Roach returned Monday from a three weeks' trip to California.

FOR SALE—Butler Lodging House. Owner leaving town on Alaska in ten days.

W. B. Sollender has returned from a several weeks' visit to the eastern states.

The wife of County Commissioner Peter Rice died at Belmont the early part of the week.

A. H. Kanter and bride have returned from their honeymoon trip to Southern California.

Herbert T. Cook of the Nye County bank left Sunday for Carson City on a visit to his parents.

Mr. and Mrs. L. L. Patrick left Saturday for Tokop district for a three or four weeks' stay.

James Forman returned this week from a visit to camps and towns in the northern end of the county.

Toe Miners' Drug store has copies of all of Townley Bros.' prescriptions and will refill them at any time.

J. F. McCambridge, of the Boston Tonopah, at last accounts, was sojourning at his home at Youngstown, Ohio.

A more pleasant place than the Chloride to spend a few hours cannot be found in Tonopah. It is a popular resort.

E. C. Dalzell, a well known citizen of Carson City, has arrived in Tonopah and will engage in the embalming business.

C. H. Elliott left for San Francisco Tuesday. After a short stay in the city he will proceed east on mining business.

Frank Golden was a passenger on Monday night's stage for Carson City. He will return to Tonopah in about two weeks.

John McKane of the Tonopah Extension company is expected to arrive in Tonopah today or tomorrow from the east.

Mrs. C. F. Reynolds arrived Thursday from Oakland, Cal., and will remain a month or more in Tonopah on a visit to her husband.

Having purchased the stock of Townley Bros. the Miners' Drug store will incorporate the same with their stock in the Golden building on the first.

"Curly" Graham, one of the most popular young men in Tonopah, has assumed the management of the "Original Package," where he will be pleased to greet his friends and acquaintances.

A. T. Johnson of Denver, Colo., has been appointed assistant to Superintendent Siebert at the Mizpah. Mr. Johnson arrived in Tonopah last week and is now engaged in his duties at the mine.

Mrs. G. S. Phenix is receiving and in a few days will have on exhibition one of the finest displays of millinery ever brought to Tonopah, including many pattern hats and bonnets. Her rooms are now being prepared for her on Mineral street.

Dr. L. E. Benson, of Nome, Alaska, a former mining partner of H. H. Clark, of the Tonopah Golden Gate company, was an arrival on Wednesday's stage. The doctor is highly recommended as a physician and surgeon, and may locate in Tonopah.

Bonded Mine and Mill.

Messrs. Crocker and Salsberry and C. M. Meginniss have bonded the Jagers property in Tule canyon, consisting of ten claims, also the McAfee mine and mill. These properties are free milling, the ore assaying about \$60 to the ton. Work will be commenced at once and prosecuted vigorously, and the mill will be started as soon as a few necessary repairs can be made. A. J. Crocker started for Tule canyon yesterday and will assume charge of the work. This property will be operated solely by owners and will not be made a stock proposition. It is the intention of the owners to give leasers a chance to work some of the smaller veins, which are very rich.

Knight's Will Entertain.

Mizpah lodge, No. 25, Knights of Pythias, aided by the Rathbone Sisters will banquet visiting brothers and friends at Castle hall Monday evening next.

GOLD HILL CUTS FOUR FOOT LEDGE

Active Work Has Begun on the Tonopah Superior Property.

Yesterday morning early a four foot ledge was struck in the north crosscut of the Gold Hill at a distance of 290 feet from the 500 foot station. The ledge seemed to apex in the crosscut and on the floor the walls are well defined, showing a strong body of sulphide ore, similar to that of the Montana, and carrying values of fair grade. The strike, while not unlooked for, is regarded as one of importance, from the fact that it adds considerably to the length of the mineral belt already opened up.

Tonopah Superior Company.

John Dopp, general manager, has begun operations on a group of three claims owned by the Tonopah Superior Gold Mining company, one mile southwest of the Mizpah. The work now being done consists of a tunnel, which is being driven to tap four ledges which appear on the surface, and which will be cut, should their dip prove regular, at a distance of 100 to 200 feet from the mouth of the tunnel, and at a depth of from 150 to 200 feet from the surface. The tunnel is now in a little more than twenty feet and in passing through the formation a vein a foot wide was disclosed which carries some values in gold. Of the four ledges which have been opened up by shallow holes on the surface, two of them carry high grade values, No. 1 giving assay returns of \$225 gold and \$40 silver, and No. 2 shows values of \$188 gold and \$32 silver. A shaft forty feet deep has been sunk on another ledge, two feet wide, and at the depth attained gives substantial returns. The property is favorably located on one of the hills just west of Brougher mountain and from present indications it bids fair to become one of the best in the camp.

The Golden Gate.

There have been so many rumors circulating about town in relation to a strike in the shaft of the Golden Gate during the past days, that H. H. Clark, the manager, while disclaiming the opening up of phenomenally rich ore, authorizes the statement, that at a distance of twelve feet the shaft has been passing through a body of ore from which have been taken during the progress of the work, average bucket samples showing gold values, ranging from \$6.57 to \$43.80 and averaging over \$30, the highest value in silver being 33 cents.

The ore is mixed porphyry and quartz, very porous, carrying a heavy percentage of lime, and is undoubtedly an ideal cyanide ore, it being practically free from base metals of all kinds.

The property is about two miles west of the Siebert shaft, directly on the strike of the Mizpah and Montana series of veins, as proven by recent development in other properties, and the shaft is at present writing 160 feet deep.

The company is a strong one, its treasury being practically intact, all funds for development purposes having been furnished by the original incorporators; while all the individual stock is closely held under a pooling agreement.

Gold Belt Company.

Frank Everett, who has charge of this company's operations at Gold Mountain, says the main shaft is now down about 160 feet and has passed through a number of small seams and stringers of quartz carrying fair values. At 100 feet in the shaft a crosscut is being driven to the south and is passing through bunches of quartz and vein matter, and the hope is entertained that the ledge opened up on the surface will soon be cut. It is the intention of the company to sink the perpendicular 400 feet at least, and crosscuts will be run every 100 feet.

Ohio-Tonopah.

The last eight feet of the south crosscut of the Ohio-Tonopah has passed through a well defined ledge formation and indicates the nearness of mineral. From the east drift running from the same crosscut, which

is in 130 feet, a crosscut is being driven to the north, and it has already cut a ledge nearly three feet wide and in it numerous bunches of quartz and stringers are found. These carry metal in goodly quantities and some high assays have been obtained. The south crosscut is now in 287 feet.

Will Soon Start Up.

Clay Peters arrived home on Thursday from California, coming by way of Ellsworth, Berlin and other points in the northern and central parts of the county. He states that arrangements are being conducted by which it is expected to begin work on the McNamara property within the next two or three weeks. It is the intention when work resumes to begin crosscutting from the 500 foot station in the hope of cutting some of the ledges that undoubtedly pass through the property.

Esperanza.

Late reports from the Esperanza at Lone Mountain state that work has been resumed in the main shaft, and at a depth of 100 feet a drift has been run which has opened up a fine shoot of shipping ore. The ore is being left on the wall and will not be disturbed till enough has been opened up to make a large shipment.

Paymaster.

Superintendent Kielhofer of the Paymaster was in town yesterday and stated that work is pushed vigorously on the 150 foot level, where a four and a half foot ledge has been opened up that averages \$60 to the ton. A six inch streak on the hanging wall runs as high as \$916 in gold, silver and lead.

The Belmont.

The north crosscut of the Belmont from the 814 station is in 345 feet and is going through wall matter, indicating the proximity of the rich ledge which was cut in the north crosscut 200 feet above. The shaft is now down 1035 feet.

New Diamonds Ordered.

The set of diamonds which has been used in the drill at the Mizpah having worn out a new one has been sent for, and pending its arrival drilling has been suspended.

The Rescue.

The main shaft is now down 360 feet, without much change of formation since last report. About 1,5000 gallons of water is hoisted daily from the shaft, and this is being sold to and used by the Crystal Water company.

Old Timer Dies.

Dave Lewis, an old man nearly 70 years of age, died at the hospital Wednesday of general debility, and was buried the following day at the city cemetery. The deceased was an old resident of the state and had lived in Tonopah for nearly three years. Little is known of his family, but it is thought that a brother lives in Oakland, Cal.

Mistake of Name.

A search of the effects of the Chinaman who was killed last week revealed the fact that his proper name was Chong Bing Long, and not Ping Ling as has been heretofore stated.

NEW TO-DAY.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF NEVADA, IN AND FOR THE COUNTY OF NYE.

Mary Fowler, Plaintiff }
vs.
John Fowler, Defendant. }

Action brought in the District Court of the State of Nevada, in and for the County of Nye, and the Complaint filed in the office of the Clerk of the said District Court.

The State of Nevada sends greetings to John Fowler, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff in the District Court of the State of Nevada, in and for the County of Nye, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons—if served with in this County; or, if served out of this County, but in this District, within twenty days; or otherwise within forty days—on judgment by default will be taken against you, according to the prayer of said complaint.

The said action is brought to dissolve the bonds of matrimony now existing between the said Mary Fowler, Plaintiff, and the said John Fowler, Defendant, in the above entitled action, and to decree the custody of their only child, Francis Fowler, to said Plaintiff and for other and further relief as may be equitable and just.

And you are hereby notified that if you fail to appear, and answer said complaint as above required, the said Plaintiff will take judgment by default against you according to the prayer of the complaint, to-wit: That the bonds of matrimony now existing between the above named Plaintiff and Defendant be dissolved and that the Plaintiff be awarded the care and custody of their minor child, Francis Fowler, and for such other and further relief as may be equitable and just.

Given under my hand and the Seal of the District Court of the State of Nevada, County of Nye, this 12th day of September, in the year of our Lord one thousand nine hundred and three.

W. F. ENGER, Clerk.
GEO. W. FOX, Attorney for Plaintiff, Tonopah, Nevada.
Date of first publication September 26, 1903.
